To Whom It may Concern

Reference: Angel Simal

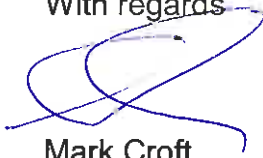

As part of our Wellington based Convention this year, we hired the services of Angel as a Sleight of Hand magician to entertain dinner guests during service.

Angel moved between tables and performed astonishing close quarter illusions for delegates.

His skill and entertainment value were outstanding and delegates talked about it for the duration of the Convention and probably beyond.

We would have no hesitation in recommending Angel to anyone wanting a top class act to add some magic to their event.

With regards

Mark Croft
